

Australian Apprenticeships Training Information Service

Upcoming Information Sessions for 2009

Shepparton	Tuesday, 10th November 2009
Wagga Wagga	Wednesday 11th November, 2009
Albury	Thursday 12th November, 2009

Focus on introducing new staff to two key Australian Apprenticeships websites

The Australian Apprenticeships Training Information www.aatinfo.com.au and Australian Apprenticeships Job Pathways www.aajobpathways.com.au websites are consistently regarded as two of the most valuable resources in the Australian Apprenticeships field.

The information sessions aim to introduce these websites to people who are new to the communication and implementation of Australian Apprenticeships. However, people with experience in using the sites are also encouraged to attend to refresh and increase their knowledge.

The websites, the information sessions and a free call advisory service are provided by Industry Training Australia under funding from the Department of Education, Employment and Workplace Relations (DEEWR).
